

WORKSHOP ON

INSPIRING ENGINEERS THROUGH INNOVATION CREATIVE MODELS AND MACHINES

JANUARY 8 - 12, 2019

CENTRE FOR CREATIVE LEARNING, IIT GANDHINAGAR

The Centre for Creative Learning (CCL) at IIT Gandhinagar, in partnership with AICTE, invites you to, first in a series of, 5-day residential workshop on implementing project oriented STEM learning in the classroom from January 8 - 12, 2019 at IIT Gandhinagar. The experiential and hands-on workshop will introduce participants to methodologies and techniques for developing interesting creations to encourage STEM learning in the classroom. Participating faculty will have the opportunity to utilize labs to develop independent creations for their classroom use.

The workshop is open to up to 60 participants on a first come, first serve basis.

ABOUT CCL

The IITGN Centre for Creative Learning promotes hands-on STEM education by encouraging joyous, experiential learning, which leads to better conceptual understanding and fosters creativity and innovation in young minds. CCL has worked with 6,000 school teachers and 1,000+ college professors from states across India on both curricular and extra curricular STEM training using hundreds of activities, toys and models. The Centre is dedicated to the proposition that we learn best when we design, make, explore, pull things apart and put them back together again.
